PRODUCT REFORMULATION

BioLipotrol

A natural, comprehensive formula designed to support healthy triglyceride, lipoprotein, and other blood lipid levels.*

How the formula improved:

- The BioLipotrol reformulation showcases the two most potent lipid-lowering agents, red yeast rice and niacin. **Niacin is maintained at a therapeutic level** and **red yeast rice extract doubled** for greater lipid-lowering effects.*
- Initial studies showed guggul resins and policosanol as having lipid-lowering effects, but recent studies don't show this benefit. Even when a lipid-lowering effect does occur, it's miniscule in comparison to the effect of red yeast rice and niacin. As such, guggul resins and policosanol were removed to allow greater amounts of red yeast rice and niacin.*
- Reducing inflammation is beneficial. While guggul and policosanol help reduce inflammation, these two ingredients were replaced with coenzyme Q10 and green tea extract which offer **greater efficacy and also additional cardioprotective benefits.***

Suggested use: As a dietary supplement, take 2 capsules one to two times per day or as directed by your healthcare professional.

Supplement Facts

Serving Size 2 Capsules
Servings Per Container 30

	Amount Per Serving	%DV
Niacin (inositol hexaniacinate)	600 mg	3000%
Red yeast rice extract (<i>Monascus purpureus</i>)	500 mg	**
Inositol (inositol hexaniacinate)	150 mg	**
Coenzyme Q10	25 mg	**
Green tea leaf extract (<i>Camellia sinensis</i>)(98% polyphenols)	25 mg	**

** Daily Value (DV) Not Established.

Other Ingredients: Cellulose, silica, medium chain triglycerides.
